

UNIVERSITÀ DEGLI STUDI DI TORINO

EU funding opportunities 2018-2020 *for DSV*

Chiara Abrescia & Mara Ghiazza

December 21, 2017

Direzione Ricerca e Terza Missione

Sezione progettazione - CSTF

Index:

- **H2020** - Excellent Science (ERC, MSCA), Societal Challenges (SC2, SC5), horizontal topics (Twinning)
- **Other EU opportunities** - COST, LIFE+
- **EFSA** – opportunities for collaboration
- **KIC EIT FOOD** - next steps and deadlines

Horizon 2020

Direzione Ricerca e Terza Missione
Sezione Progettazione per la ricerca | cstf@unito.it

H2020: Work Programme 2018 - 2020

Objectives of Strategic Programming

Provide for a coherent implementation of the **H2020 objectives** and the multiannual approach, taking into account of the **Interim Evaluation and First two work programmes** (2014-25 and 2016-17)

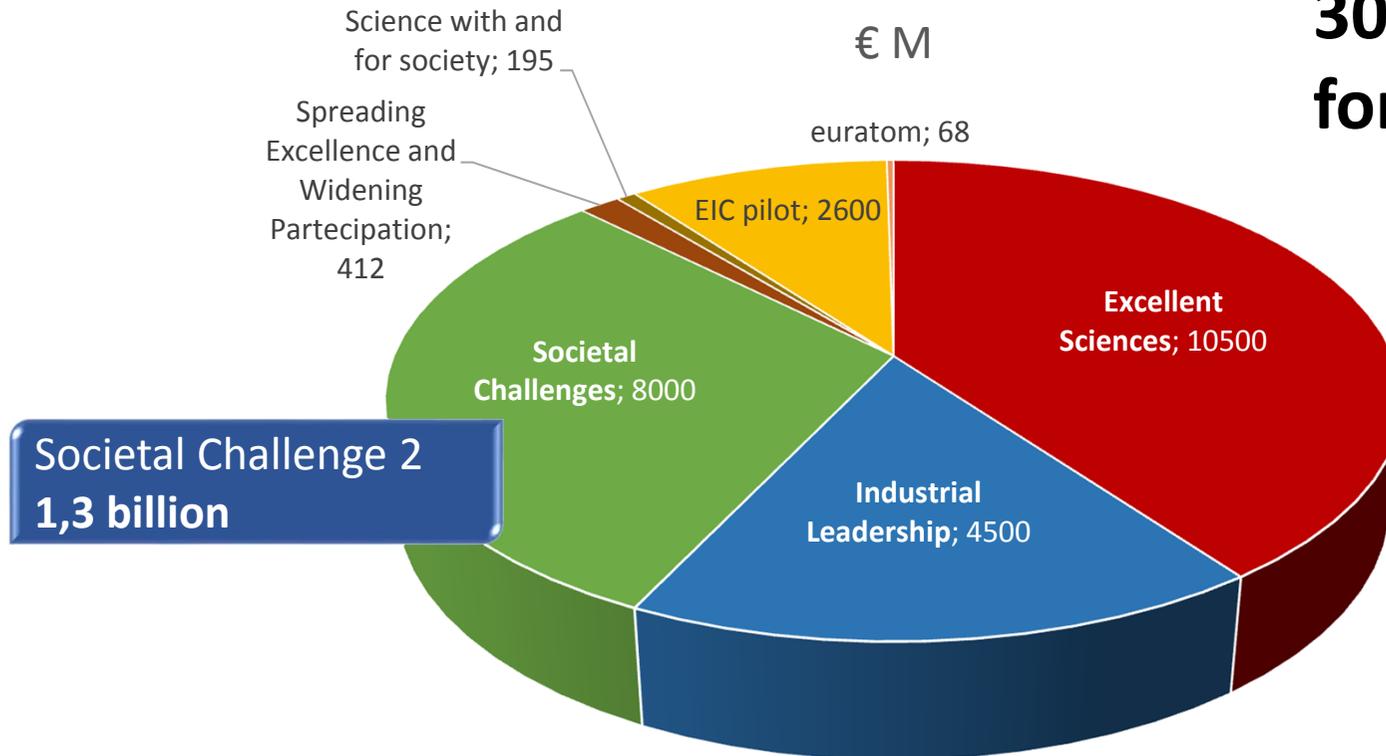

Enhance relevance and impact by delivering against the **EU policy priorities** and the priorities «**Open Science – Open Innovation – Open to the World**»

Prepare for a bridge in the last years of the programme to enable a **smooth transition to the successor to H2020**

H2020: Work Programme 2018 - 2020

**30 billion €
for 3 years**

H2020 structure

Excellent Science

- **European Research Council**
 - Frontier research by the best individual teams
- **Future and Emerging Technologies**
 - Collaborative research to open new fields of innovation
- **Marie Skłodowska Curie actions**
 - Opportunities for training and career development
- **Research Infrastructure**
(including e-infrastructure)
 - Ensuring access to world-class facilities

Industrial Technologies

- **Leadership in enabling and industrial technologies**
 - ICT, nanotechnology, materials, biotechnology, manufacturing, space
- **Access to risk finance**
 - Leveraging private finance and venture capital for research and innovation
- **Innovation in SMEs**
 - Fostering all forms of innovation in all types of SMEs

Societal challenges

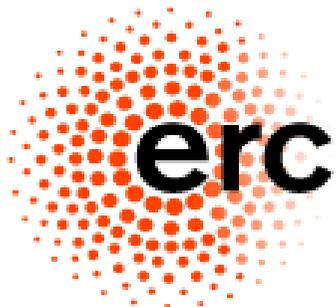

- Health, demographic change and wellbeing
- Food security, sustainable agriculture, marine e maritime research & the bio-economy
- Secure, clean and efficient energy
- Smart, green and integrated transport
- Climate action, resource efficiency and raw materials
- Inclusive, innovative and reflective societies
- Secure societies

European Institute of Innovation and Technology (EIT)

Spreading Excellence and Widening Participation

Science with and for society

Joint Research Center (JRC)

Excellent Science – European Research Council

TYPE OF GRANT	ELIGIBILITY	Open calls and foreseen calendar
STARTING	2 to 7 years of experience after PhD	Opening 18/7/2017 Deadline 17/10/2017
CONSOLIDATOR	7 to 12 ys. of experience after PhD	Opening 24/10/2017 Deadline 15/2/2018
ADVANCED	Not specified (aknowledged leading expert in the field)	Opening 15/05/2018 Deadline 30/08/2018

Direzione Ricerca e Terza Missione
Sezione Progettazione per la ricerca | cstf@unito.it

Opening date: 7 December 2017

Deadline: 18 April 2018

MSCA-RISE-2018

- **Objective:** to promote international and inter-sector collaboration through research and innovation staff exchanges, and sharing of knowledge and ideas from research to market (and vice-versa).
- **Scope:** RISE supports the development of partnerships (e.g. joint research and innovation activities) between academic and non-academic actors *from different countries across Europe and beyond*, in the frameshift of clear R&I objectives and deliverables.
- **Target:** organisation staff
- **Call 2018 budget:** 80 MEur
- **RISE success rate (2015): 26%**

Direzione Ricerca e Terza Missione
Sezione Progettazione per la ricerca | cstf@unito.it

RISE – Key notes

- Project built on **joint research and innovation activities**
- Project implemented through the **secondment of experienced staff (no recruitments, no student exchange)**
- Each staff member **seconded for a period of 1 to 12 months**
- The maximum size for a project is **540 person months**
- No minimum size explicitly defined for the project, but **substantial impact is expected**
- Maximum project duration is **4 years**
- **No Mobility Rule**

Non-European Countries

- Secondments **from Europe to non-European countries** are paid for
- Secondments **from most non-European countries*** to Europe are paid for, **except from high-income countries** (e.g. USA, Canada, Japan):
- **All countries are funded to participate in the project's networking/training events**

* Annex A to the General Work Programme provides a list of countries that can be fully financed by Horizon 2020

Reasons for research organizations to get involved in a RISE

Build Links with Research Groups and Industry Worldwide

“Entry – Level” to EU funding

Build a consortium for future large Horizon 2020 proposals

H2020 structure

Excellent Science

- **European Research Council**
 - Frontier research by the best individual teams
- **Future and Emerging Technologies**
 - Collaborative research to open new fields of innovation
- **Marie Skłodowska Curie actions**
 - Opportunities for training and career development
- **Research Infrastructure**
(including e-infrastructure)
 - Ensuring access to world-class facilities

Industrial Technologies

- **Leadership in enabling and industrial technologies**
 - ICT, nanotechnology, materials, biotechnology, manufacturing, space
- **Access to risk finance**
 - Leveraging private finance and venture capital for research and innovation
- **Innovation in SMEs**
 - Fostering all forms of innovation in all types of SMEs

Societal challenges

- Health, demographic change and wellbeing
- Food security, sustainable agriculture, marine e maritime research & the bio-economy
- Secure, clean and efficient energy
- Smart, green and integrated transport
- Climate action, resource efficiency and raw materials
- Inclusive, innovative and reflective societies
- Secure societies

Joint Research Center (JRC)

Societal Challenge 2 – Policy documents

Global commitments

United Nations
Framework Convention on
Climate Change

Direzione Ricerca e Terza Missione
Sezione Progettazione per la ricerca | cstf@unito.it

European policies

CAP & EIP-AGRI

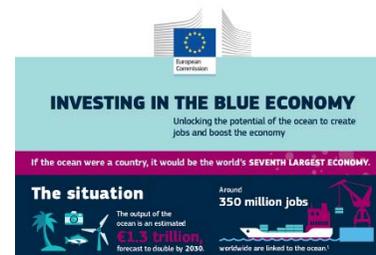

Bioeconomy Strategy

Climate & energy

Circular Economy

Integrated Maritime and
Common Fisheries Policies

Digital single market

Societal Challenge 2 – work programme 2018-20

Challenges:

- **Climate** adaption and mitigation
- **Food and nutrition** security
- Safeguard the **natural resource base**
- Promote **alternatives to fossil-based** economies
- Sustainable use **marine resources**

SC2 focus:
Sustainable management of land and waters to secure:
Healthy food
Public goods delivery
Innovative food, marine and bioeconomy industries
Dynamic rural areas

Societal Challenge 2 – work programme 2018-20

Three missions:

Direzione Ricerca e Terza Missione
Sezione Progettazione per la ricerca | cstf@unito.it

Societal Challenge 2 – work programme 2018-20

Three calls:

Direzione Ricerca e Terza Missione
Sezione Progettazione per la ricerca | cstf@unito.it

Societal Challenge 2 – work programme 2018-20

Key impacts

Sustainable Food Security

- Dynamic & innovative food and farming sector
- Resource & climate-smart-eco-healthy food production and consumption

Blue Growth

- Productive, healthy, resilient seas and oceans.
- Sustainable aquatic resources for food and bio-based value chains
- Strong blue economy

Rural renaissance

- Sustainable growth based on circularity and connectedness.
- Enhance innovation system
- Strong & attractive rural areas

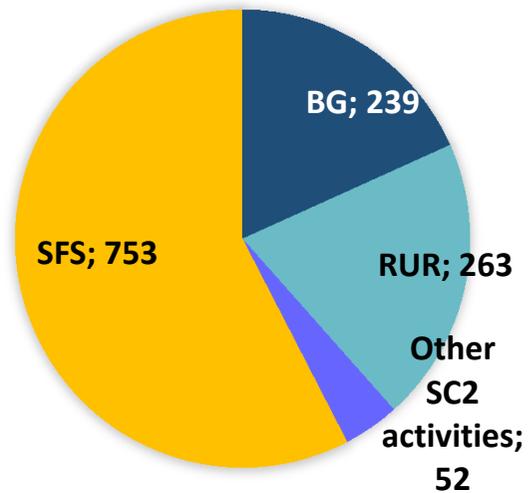

Circular economy investment platform

- De-risking investments in innovative technologies fostering industrial, rural and coastal development

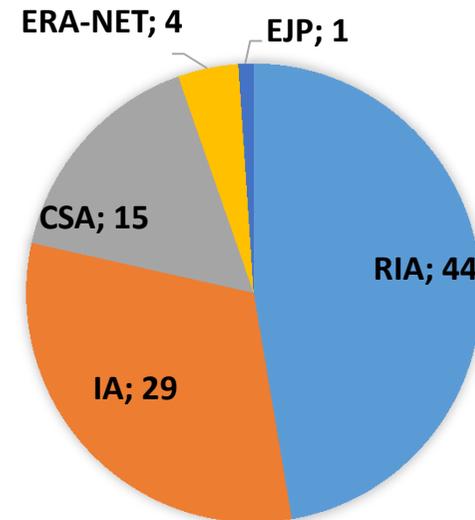

Societal Challenge 2 – work programme 2018-20

BUDGET 2018-2010 (M€)

Societal Challenge 2
1,3 billion

TYPE OF ACTION

Societal Challenge 2
93 topics

Societal Challenge 2 – Sustainable Food Security (SFS)

€ 753 milion to use our resources more wisely and nourish people more sustainably

Produce more diverse and healthier food from well-managed functional ecosystem

Increase resource efficiency and environmental performance of food system

Understand the impact of climate change and design adaptation strategies

Going global: 112 €M for joint actions with Africa and China

Direzione Ricerca e Terza Missione
Sezione Progettazione per la ricerca | cstf@unito.it

Societal Challenge 2 – Sustainable Food Security (SFS)

515 M€ (2018-2019)

Environment and climate
smart food production and
consumption

5 topics – 107 M€

Building capacities

6 topics – 91 M€

**Sustainable
food
security**

Form functional ecosystem
to healthy food

13 topics – 235 M€

Targeted international
cooperation

7 topics – 82 M€

Direzione Ricerca e Terza Missione
Sezione Progettazione per la ricerca | cstf@unito.it

Societal Challenge 2 – Sustainable Food Security (SFS) 2018-2019

Form functional ecosystem to healthy food

- Biodiversity in action
- Microbiome
- Alternatives to pesticides use
- Plant Health
- Integrated Pest Management (IPM)
- Healthy Beekeeping
- Animal welfare
- Antimicrobials in animal production
- African swine fever
- Personalised nutrition
- Plant breeding
- Healthy sust. Food
- Alternative proteins

Environment and climate smart food production and consumption

- Climate-smart farming
- Valorising urban biowaste
- Agricultural soil management
- Forest soil R&I
- Water management in agriculture
- Citizen-driven food system approaches in cities

Building capacities

- Monitoring R&I investment
- GenRes & pre-breeding
- Plant-variety testing
- Agri-Aqua labs

Targeted international cooperation

- Microbiome coordination and IBF
- EU- Africa
- EU - China

Societal Challenges 2 – Blue Growth (BG)

€ 239 milion to sustainably harvest the potential of aquatic and marine resources, while protecting and enhancing climate resilience

Improve knowledge on impact of **climate change** on marine ecosystems and biological resources to effectively manage their response, mitigation and resilience capacities

Preserve and sustainably exploit **marine and coastal ecosystems** and biological resources to deliver improved **nutrition and health**

De-risk investments and boost blue innovation to develop new bio-based **marine value chains** and open up new markets

Develop smart and connected territories between **land and sea**

Strengthen **international cooperation**, to promote a globally sustainable blue economy

Direzione Ricerca e Terza Missione
Sezione Progettazione per la ricerca | cstf@unito.it

Societal Challenges 2 – Blue Growth (BG) 2018-2019

Climate - Ocean

- Sustainable harvesting of marine biological resources
- Coordination of marine and maritime R&I in the Black Sea

Food and Nutrition

- Sustainable European Aquaculture 4.0: nutrition and breeding

De-risking investment

- Multi-use of the marine space offshore and near-shore: pilot demonstrators

Land – Sea connection

- Sustainable solutions for bio-based plastics on land and sea

International Cooperation

- All Atlantic Ocean Research Alliance flagship
- The future of Seas and Oceans
- Towards a Baltic and North sea R&I programme

Societal Challenge 2 – Rural Renaissance (RUR)

€ 263 million to for rural territories to become smarter, younger, greener more circular and better connected

Invest in businesses: 125 M€ for developing small scale refineries, boosting regional bioeconomy and innovative supply chains

Invest in people: 41 M€ to boost innovation, co-creation and exploitation of knowledge by improving skills and innovation systems

Invest in policies fit for the future: 60 M€ to modernize policies to favour generation renewal and greater resilience and public goods delivery

Go digital: 37 M€ to take make the promises of the digital revolution come true for farmers and rural people

Direzione Ricerca e Terza Missione
Sezione Progettazione per la ricerca | cstf@unito.it

Societal Challenge 2 – Rural Renaissance (RUR) 2018-2019

Organising sustainable food and non food value chains under changing conditions

- Closing nutrient cycles
- Regional and local bio-based economies

Boosting innovation and enhancing human and social capital

- Thematic networks compiling knowledge ready for practice
- Fuelling the potential of advisors for innovation

From farm to society: understanding dynamics and modernising policies

- Modern policies from long-term vision and societal engagement
- Socio-economic impacts of digitisation
- Contracts for effective agro-environment delivery
- Alternative tools and models

Taking advantage of the digital revolution

- Digital innovation hubs for agriculture
- Preparing advisors for the digital age
- Digital solutions and e-tools to modernise the CAP

2018

Societal Challenge 2 topics

TOPIC	BUDGET/PROJECT	FUNDED PROJS.	DEADLINE
SFS-01-2018-2019-2020 (Biodiversity in action) - RIA	7 M€	2	13/02/2018 11/09/2018
SFS-07-2018 (Making European beekeeping healthy and sustainable) - RIA	7 M€	1-2	13/02/2018 11/09/2018

H2020 structure

Excellent Science

- **European Research Council**
 - Frontier research by the best individual teams
- **Future and Emerging Technologies**
 - Collaborative research to open new fields of innovation
- **Marie Skłodowska Curie actions**
 - Opportunities for training and career development
- **Research Infrastructure**
(including e-infrastructure)
 - Ensuring access to world-class facilities

Industrial Technologies

- **Leadership in enabling and industrial technologies**
 - ICT, nanotechnology, materials, biotechnology, manufacturing, space
- **Access to risk finance**
 - Leveraging private finance and venture capital for research and innovation
- **Innovation in SMEs**
 - Fostering all forms of innovation in all types of SMEs

Societal challenges

- Health, demographic change and wellbeing
- Food security, sustainable agriculture, marine e maritime research & the bio-economy
- Secure, clean and efficient energy
- Smart, green and integrated transport
- Climate action, resource efficiency and raw materials
- Inclusive, innovative and reflective societies
- Secure societies

European Institute of Innovation and Technology (EIT)

Spreading Excellence and Widening Participation

Science with and for society

Joint Research Center (JRC)

Horizontal actions: **Spreading excellence and widening participation** -*Twinning*

- OBJECTIVE:

strengthening a defined field of research in a university or research organisation from a **Widening country*** by linking it with at least two internationally-leading research institutions in other Member States or Associated Countries.

- Project size: **EUR 800,000**
- Maximum project duration: **24 months**

Call 2018

Opening **15/05/2018**

Deadline **15/11/2018**

Contact: Giuseppe Caputo (9605)

Widening countries: Bulgaria, Croatia, Cyprus, Czech Republic, Estonia, Hungary, Latvia, Lithuania, Luxembourg, Malta, Poland, Portugal, Romania, Slovakia, Slovenia, Albania, Armenia, Bosnia Herzegovina, Faroe Islands, Former Yugoslav Republic of Macedonia, Georgia, Moldova, Montenegro, Serbia, Tunisia, Turkey and Ukraine.

Other opportunities of EU funding

Direzione Ricerca e Terza Missione
Sezione Progettazione per la ricerca | cstf@unito.it

What is COST?

- COST is the oldest and widest European intergovernmental framework for **Cooperation in Science and Technology**
- COST has been supporting the networking of research activities across all 36 Member Countries and beyond for over 44 years
- COST is based on networks called COST Actions. Currently there are more than 300 running Actions networking over 45 000 researchers per year, worldwide.

COST is based on networks called COST Actions

What is a COST Action?

average COST Action support is 130.000 EUR/year

- Science and technology network
- Duration: Four years
- Open Call: two Collection Dates per year (Spring and Autumn)
- Minimum participation: 7 COST Member Countries (3 of which ITCs)
- Organized through a range of networking tools

COST Inclusiveness Target Countries*

EU 13:

Bulgaria
Croatia
Cyprus
Czech Republic
Estonia
Hungary
Latvia
Lithuania
Malta
Poland
Romania
Slovakia
Slovenia

EU Candidates:

fYR Macedonia
Montenegro
Republic of Serbia
Turkey

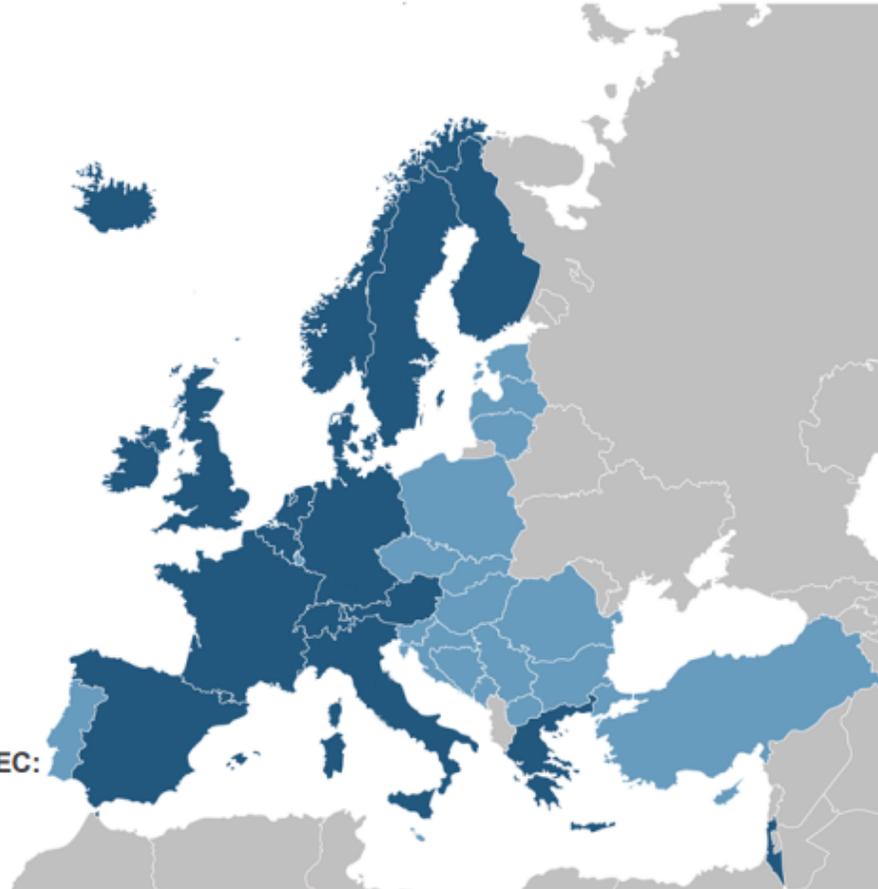

EU Potential Candidates:

Bosnia and Herzegovina

EU Countries targeted by EC:

Luxembourg
Portugal

* In light blue colour

COST Excellence and Inclusiveness Policy special focus on its Inclusiveness Target Countries, giving more visibility to:

- Geographical balance
- Young talents and next generation leaders
- Gender balance

Direzione Ricerca e Terza Missione
Sezione Progettazione per la ricerca | cstf@unito.it

COST Policy

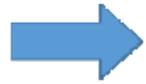

Proposals should respond to the COST Excellence, Inclusiveness and Widening policy

provide **collaboration** opportunities to researchers/engineers/scholars

promote working opportunities for early career investigators, ensure gender balance

encourage **participation** among young talents and next generation leaders

How to participate?

Join an action

- If your Country is participating, contact the Chair
- If your Country is not participating, contact the NCP

Set up a new action

- Proposal template and guidelines for submitting COST Action proposals: www.cost.eu/opencall

Contact: Carmen Fiore (9619)

Opportunità di collaborazione: EFSA – European Food Safety Agency

Direzione Ricerca e Terza Missione
Sezione Progettazione per la ricerca | cstf@unito.it

EFSA – European Food Safety Agency

<http://www.efsa.europa.eu/it>

L'Agenzia Europea per la Sicurezza Alimentare:

- Risponde a richieste di consulenza scientifica della Commissione europea, del Parlamento europeo e degli Stati membri dell'UE.
- Dispone di un proprio programma di lavoro - annuale e pluriennale - in base a priorità concordate con la Commissione europea e altri partner, tenuto conto delle risorse disponibili.
- Indice frequenti consultazioni per coordinarsi con le autorità nazionali di sicurezza alimentare degli Stati membri

AREE TEMATICHE:

- Contaminanti chimici
- Ingredienti e imballaggi alimentari
- Materie prime per mangimi
- Nutrizione umana
- OGM
- Pericoli biologici
- Pesticidi
- Questioni scientifiche interdisciplinari
- Salute delle piante
- Salute e benessere degli animali

STRATEGIA EFSA 2020 e ORGANIZZAZIONE NAZIONALE

STRATEGIA EFSA 2020 - EFSA come “Hub” europeo di valutazione del rischio

FOCAL POINTS: creati da EFSA nel 2008 per favorire il flusso di informazioni con i Paesi Membri

FOCAL POINT ITALIANO:

Istituto Superiore di Sanità: parte scientifica

+

Ministero della Salute: parte istituzionale

Direzione Ricerca e Terza Missione
Sezione Progettazione per la ricerca | cstf@unito.it

MODALITA' DI COLLABORAZIONE CON EFSA

Attualmente, le modalità di collaborazione con EFSA sono:

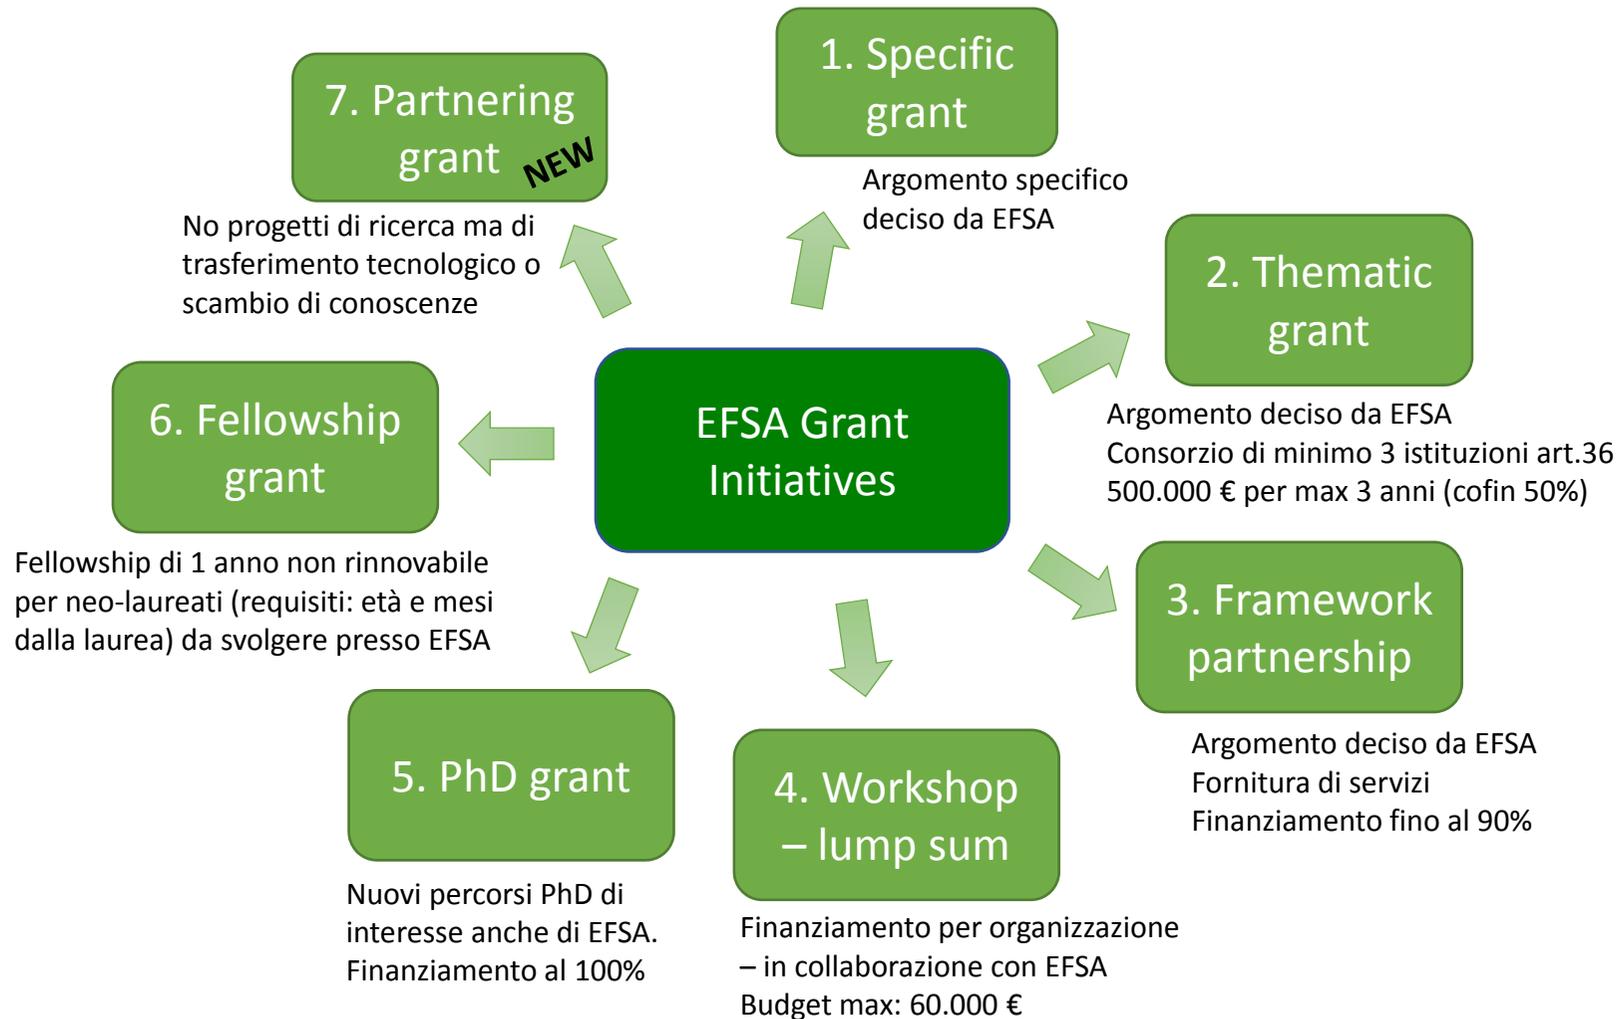

1. **Procurements:** appalti per fornitura di servizi, aperti a chiunque abbia i requisiti previsti dalla gara.
2. **Bandi per progetti riservati agli enti accreditati nel registro Art. 36:** progetti per contributi tecnici e scientifici.

I VANTAGGI DELLA COLLABORAZIONE Art. 36

- Accesso a **grant riservati** alle organizzazioni Art. 36
- Partecipazione a vere e proprie proposte per **progetti di ricerca co-finanziati** da EFSA e riservate alle organizzazioni Art. 36, che potranno essere proposte con **approccio bottom-up sulle tematiche di interesse per EFSA** (progetti indicativamente da 1M€, co-finanziati da EFSA al 50%).
- Accesso a **piattaforme specifiche** per lo scambio di informazioni e il **networking**
- **Corsi di formazione** riservati per rispondere a questi bandi
- Possibilità di organizzare **percorsi di dottorato e post-doc cofinanziati** da EFSA

Bandi passati: <http://www.efsa.europa.eu/it/art36grants/closedart36grants>.

Direzione Ricerca e Terza Missione
Sezione Progettazione per la ricerca | cstf@unito.it

Aspetti da migliorare emersi dalle valutazioni

- Attenzione al **TRL**: specificare meglio
- Mancanza di una chiara **go-to-market strategy** e di almeno una bozza di **business plan**
- Alcune **debolezze nei partenariati** per mancanza di partner industriali o di partner specifici per alcune attività descritte
- Maggiore attenzione a **coinvolgimento e accettazione** da parte dei **consumatori**
- Identificazione chiara degli **stakeholders** e strategia loro coinvolgimento
- Enfatizzare **collegamenti inter-pillar**
- Prevedere degli **indicatori di impatto misurabili** per la valutazione dei risultati
